

## Platform Information

# Macedonian Development Cooperation Platform

### Contact office and contact person

The platform does not have an office

Brankica Spasovska  
Center for Institutional Development  
brankicas@cira.org.mk

### Successes of last year

Taking part for the first time in EPAN working group

### Main challenges

- Participation in the preparation of the Law for development policy implementation (process until the end of 2012)
- Participation in the preparation of the Strategy for Development Aid

### Strategic aim

To attract more NGOs and participants from NGOs that will share their ideas in the platform and for the platform, to have more frequent meetings, to establish different working groups within the platform.

### Relationship with the MFA and other donors

The Secretariat for European Affairs within the National Program for adopting European Legislative for 2012 comprise promulgation of the Law for development policy implementation and the Macedonian Development Cooperation platform will participate with proposals | we are considering this as a real challenge and beginning of cooperation with the MFA.
