The TRIALOG Information Service (TIS) is addressed to civil society organisations (CSOs) and individuals who are interested in development issues in the context of EU enlargement.

Write your TIS contribution about development issues in the context of EU enlargement

If you would like to contribute an article to TIS, please email to the TRIALOG Information Officer Elisa Romero: information@trialog.or.at. We especially welcome articles from organisations and platforms in new EU member states and accession/candidate countries about their development cooperation/development education news.

Formal criteria for TIS articles

Please:

- write in a third person narrative
- give a (short!) title
- length of the article: approx. 150-300 words (10 - 20 lines)
- you have the possibility to attach longer documents, a few photos or to add weblinks in the end.
- please do not include the pictures in the word file, but send them separately
- give short context information (e.g. name of the organizers of an event) since most of the readers don't know the context.
- indicate a name and email address whom to contact for further information.

The final editorial responsibility (on the newsletter content, shortening, editing articles) remains with TRIALOG.
